8/31/16

Operations Vocabulary

extra	in addition to	difference
add	some	sum
more	combine	plus (less than)
more	together	withdraw
addition	greater than	subtract
increasing	larger.	negative
total	deposit	minus
more than	increase	decrease

product
multiplication
multiply by
times
of
double
triple

groups
quotients
parts of
divide
division
pair off
per

Tips to Remember!

- When multiplying a number and a variable, the number is written first. Ex: x times $5 \rightarrow 5x$

~~not $x5$~~

- Do Not Subtract in the wrong order!
- "The diff of 5 and t " \neq " 5 decreased by t "
- " 5 less than t " \neq " 5 subtracted from t "

$(5 - t)$
 $(t - 5)$
